We, Charles Edward Boardman, Jimmy Frank Galtman and Ronald D. Mokler, citizens of the United States of America, residing at Saratoga, CA, Gilroy, CA, and Santa Clara, CA, respectively, declare:

1. That we made and conceived the invention described and claimed in the above-identified patent application.
2. That we made and conceived this invention while employed by General Electric Company. That the invention is related to the work we are employed to perform and was made within the scope of our employment duties; That the invention was made during working hours with the use of facilities, equipment, materials, funds, information and services of General Electric Company.
3. That to the best of our knowledge and belief, the invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.

**PATENT**
